FOUNTAINS CLOSED

On account of the shortage of scrubs, the soda fountains of J. E. Starnes and R. E. McRoberts have closed down for the season. It has been almost impossible to get these scrubs for the past month and the above result was inevitable.

STORE CLOSURES

On account of Saturday, September 7th, being Jewish New Year, and Monday, September 16th, being the Day of Atonement, the store of the Joseph Mercantile Company, will be closed on the above dates.

Patrons are advised to please keep this in mind.

GARRARD'S FINANCIAL STATEMENT.

In this issue of the Record appears the financial statement of Garrard County, as of March 31st, 1918. This is the most complete statement ever published in the county and covers the financial condition of the county in every detail. The statement was prepared by Miss Sue Shelby Mason, and is indeed a credit to her ability and she is to be congratulated upon this splendid piece of work.

Under the laws of the state these statements must be published every year, that the tax payers and the people of the county may know just how their money is spent. Judge Stapp says this law will be upheld to the letter and a statement will be published every year.

IMPORTANT MEETING FOR MERCHANTS.

Mr. Eugene J. Straus, State representative of the Kentucky Council of Defense, conservation division of the War Industrial Board, will address the merchants and people of Garrard County tomorrow, Friday at 3:30 P. M. Mr. Straus will explain to them the National recommendations of the Conservation Division on restricted deliveries and the curtailment of other unnecessary services.

The public is urged to attend as well as the merchants of the city and county.

MORE MEN TO ENTRAIN THIS WEEK.

Under Call No. 1232, the following men (1917 Registrants) are called to report to this Board for entrainment to Camp Zachary Taylor, Ky., Thursday, September 5th, 1918, at 9 o'clock.

James H. Dyehouse, Stanford, R. 4, Nathan J. Simpson, Lancaster, R. 3, Ruben Pointer, Paint Lick, R. 2.

Under Call No. 1201, the following men (1917 registrants in Limited Military Service) are called to report to this Board for entrainment to Camp Wheeler, Macon, Ga., on Friday, September 6th, 1918, at 3 P. M. Edward H. Pindexter, Marcellus, John W. Anderson, Marcellus, Ollie W. Estes, Stanford, R. 4, Willie R. Coulter, Bryantville, Ky, Henry T. Preston, Bryantville, Ky, Manuel J. Cayse, Lancaster, R. 3. Local Board for Garrard Co.

SUCCESSFUL LOT SALE.

The sale of land and lots on Hamilton Avenue, conducted by the United Realty Co., assisted by D. A. Thomas local realtor, was entirely satisfactory to the owner, A. H. Bastin. Lots were bid off rapidly and average sold from \$221. to \$260 per acre.

HONOR ROLL

American Casualties Now 23,070.

The American Casualty list given out by the war department last Saturday, included 203 names. Eleven men were killed in action, four died of wounds and 187 were wounded. The total number of casualties up to that date were as follows: killed in action, (including 291 at sea) 4,715; missing, 1,629; died of accident, and other causes, 752; wounded in action, 12,033; missing in action (including prisoners), 2,516; Total, 23,070.

COMMITTEES TO MEET TO-DAY. TO PLAN NOMINATING SUCCESSOR TO SENATOR JAMES. JUDGE HARDIN ISSUES CALL.

Judge Charles A. Hardin, chairman, of the State Central and Executive Committees has issued a call for a meeting of these committees to meet at Louisville today, for the purpose of discussing plans for filling the vacancy on the Democratic ticket occasioned by the death of Senator Ollie M. James, who recently was nominated to succeed himself as United States Senator from Kentucky.

The meeting will convene at Democratic State Headquarters at one o'clock this afternoon.

Mr. J. E. Robinson is a member from the state at large and left yesterday to attend the meeting.

SPLENDID OPENING

On Lancaster's Graded and High Schools.

A large number of patrons and friends of the Lancaster Graded and High Schools attended the opening last Monday morning which proved to have been the most auspicious since the history of the school, that is from a standpoint of attendance from the pupils.

Every teacher from the different grades were present and the enrollment for the first day was 355, which number has never been eclipsed on the opening day.

Under the superintendency of Prof. P. H. Hopkins, this school has progressed with leaps and bounds and the corps of teachers under him are the best to be had in the state.

These teachers and the grades they represent were published in our issue of a few weeks ago.

The second day of school found every one down to hard work, just as if school had been in session a month.

Lancaster and Garrard county citizens are proud of our schools and with their hearty co-operation, which every teacher asks of them, this should be the banner year by far, for the Lancaster Graded and High schools.

WILL REGISTER SEPT. 12.

MEN FROM 18 TO 45 SUMMONED TO ENROLL BY PRESIDENT.

All men from 18 to 45 years of age in the Continental United States, except those in the army or navy or already registered, were summoned by President Wilson Saturday to register for military service on Thursday September 12.

Machinery of the Provost Marshal General's office was set in motion to carry out the second great enrollment under a presidential proclamation issued soon after the President had signed the new man-power act extending the draft ages. The bill, completed in Congress, was sent to the White House for the President's signature Saturday soon after the House and Senate convened.

It is estimated that at least 12,778, 758 men will register this time, compared with near 10,000,000 on the first registration of men from 21 to 31 on June 5, 1917. Of those who enroll now it is estimated that 2,300,000 will be called for general military service, probably two-thirds of the number coming from among the 3,500,000 or more between the ages of 18 to 21.

Gen. March has said all registrants called into the army will be in France before next June 30, swelling the American expeditionary force to more than the 4,000,000 men expected to win the war in 1919. The last to be called will be the youths in their eighteenth year, but those of that age who desire and who have the necessary qualifications may be inducted into service on October 1 for special technical or vocational training.

Registration this time will be conducted as heretofore by the local Draft Boards. All Federal, State, county and municipal officers are called upon to aid the boards in their work, to preserve order and to round up slackers. All registrants will be classified as quickly as possible under the questionnaire system, and a drawing will be held at the Capitol to fix the order of registrants in their respective classes.

KENTUCKY STATE MEDICAL ASSOCIATION IN SESSION AT LOUISVILLE THIS WEEK.

With physicians and nurses occupying a position of higher importance than a purely military standpoint than even army officers, due to the greater length of time required to train physicians, the sixty-eighth annual session of the Kentucky State Medical Association, which convenes in Louisville on Tuesday, at The Seelbach, will assume a more far-reaching range of influence than any previous session in the history of the association. The dedication of the service flag of the association will take place Wednesday evening.

The meeting will be in session throughout Tuesday, Wednesday, Thursday and Friday, and will bring to Louisville a distinguished array of speakers who will deal with subjects of immediate and vital importance not only to Kentucky but to the nation as well.

GREAT MEETING

TO BEGIN AT CHRISTIAN CHURCH NEXT SUNDAY.

With every detail arranged and with the local choir practicing every evening and all the financial details looked after, the meeting which is to start at the Christian church next Sunday morning, promises to be the best, most inspiring and interesting ever held in the city.

Dr. W. G. Montgomery, of Campbellsville, will arrive on Monday and will preach his first sermon that evening. Dr. Montgomery comes with a reputation of being an able speaker and we predict that the church will be filled every evening, and much inspiration derived from his able sermons.

The music will be conducted by local talent which means that it will be of the highest type in every particular. The talent that Lancaster possesses in this line is unexcelled by any town in the state. Mrs. May Hughes Noland will conduct the music and songs and will be ably assisted by Mrs. Harry Tomlinson on the pipe organ. Mrs. Buckner Spindle, will assist on the piano and the choir will consist of the best talent of the town, irrespective of denomination.

All the ministers of the city are earnestly asked to assist in the meeting and as has always been the custom in the past, we know that they will all gladly lend a helping hand by their presence and participation.

It has been the custom for several years for this church to hold a series of meetings every two years and the public is looking forward to it with a hearty co-operation and by which much good will result to the church and the community.

DON'T FORGET Saturday Sept. 7th, at 2:30 P. M., sale at Absolute Auction of Kinnaird Bros., or REX Garney. It is a money maker and must be sold.

SWINEBROAD STILL

SELLING 'EM.

Three banner days in the real estate business for Swinebroad, the real estate man, will take place during this month, he having in this issue of the Record three sales for Sept. 19th, 20th, and 21st. A total of nearly two thousand acres of the best land in the blue grass section of the state. Read the advertisements.

This "live wire" sold the Rankin farm in Boyle last Saturday, to B. T. Goggin, of Somerset, for \$200, an acre, and the Slama farm adjoining to W. D. Williams of Boyle, for \$142 an acre.

Col. Boliver Bond, who has won fame on the block, will sell these farms for Mr. Swinebroad.

FREE DENTAL SERVICE

There are a few points about free dental services that should be emphasized at this time.

The Preparedness League of American Dentists requests its members to give each drafted man one hour of free dental service.

This should be given without question as to ability to pay. When the hour has been completed, the dentist is at liberty to inquire as to the ability of the registrant to pay a fee to have the work completed, should additional service be required. Should he prove himself worthy of further free service, the dentist, continues such service in the name of the League. Let us fight the enemy with our own weapons—those with which we are most familiar. Each one of us can do this in our own office by giving free dental service to the drafted man.

Give it freely and without restraint as one of the great privileges of an American citizen, and let us all be thankful that we are able to do this through the heritage of the greatest birthright given by any nation.

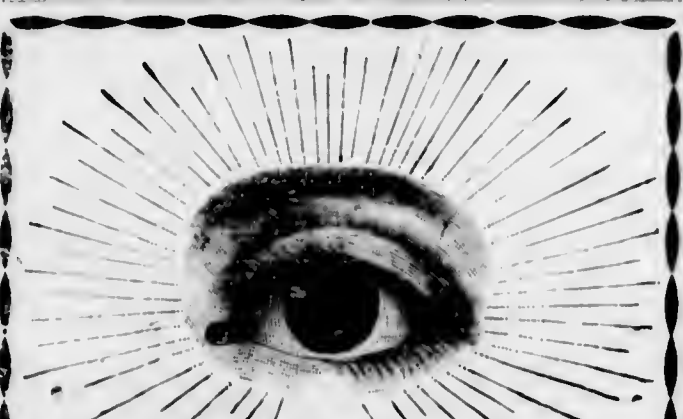

The following figures show the amount of work done by the Preparedness League to June 1, 1918.

Men examined	84,618
Worked for, reported by card	63,625
Fillings inserted	180,593
Teeth extracted	67,247
Plates Made	630
Crowns made	2,040
Crowns and bridges	165
Bridges	885
Prophylaxis treatments	33,671
Disinfect teeth treated	3,165
Miscellaneous operations	48,535

Total operations performed 336,931

SWINEBROAD THE REAL ESTATE MAN, LANCASTER, KY.

RENEWED TESTIMONY

No one in Lancaster who suffers backache, headaches, or distressing urinary ills can afford to ignore this Lancaster man's twice-told story. It is confirmed testimony that no Lancaster resident can doubt.

W. C. Davis, tailor, Public Square, says: "Some time ago my kidneys were in bad condition. I suffered with pains across my back and thru my loins. My kidneys were irregular in action and I had to get up many times at night to pass the kidney secretions. I had considerable stooping over to do and I became easily tired and languid. Doan's Kidney Pills brought relief and I think they are fine kidney medicine." (Statement given April 22, 1912.)

AGAIN PRAISES DOAN'S

On November 17th, 1916, Mr. Davis said: I am always glad to say a word for Doan's Kidney Pills. When I have any symptoms of kidney trouble, Doan's Kidney Pills are sure to give me relief."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

TO THE MERCHANTS OF KENTUCKY.

Beginning September 1st, all the Allies and the people of this Country will make their bread and pastry of 80 per cent. wheat flour and 20 per cent. substitutes.

The old 50-50 plan is at an end.

The flour mills will make:
1st. Victory Mixed Flour which contains the required substitutes already mixed in, and,
2nd. Regular white wheat flour.

With the Victory Mixed Flour you don't have to sell any substitutes. You can sell as much of it as anyone wants to buy.

With the White Wheat Flour you must sell, at the same time, one pound of substitutes for every four pounds of flour. You can sell as much flour as anyone wants to buy, provided you sell them the substitutes. There are at present no certificates to use, because everyone has to buy the substitutes.

The new list of substitutes is—
Corn Meal, Corn Flour, Barley Flour.

You must keep a supply of all of

these at all times.

White flour and Victory Mixed Flour must not be sold by you at a greater margin than \$1.20 per barrel over cost to you.

The new rules apply to all sales of flour at retail by millers also and to all exchange or deposit when by farmers.

The Food Administration holds the dealer responsible to see that these substitutes are bought by consumer, and there are severe penalties for failure to conform to the rules.

The Victory Mixed Flour will be very good; will make nice bread, and people should be urged to use it. If they buy the white flour they should be urged to mix their substitutes with it when making bread so all bread will be alike. If you have on hand rice flour, oat flour, potato flour, or buckwheat flour, and your customer wants them, you can sell them as the substitute, but you can not require them to buy any substitutes but the three: corn flour, corn meal, and barley flour.

W. M. ELLIOTT,
County Food Administrator,

LOUISVILLE MAN TOOK VIN HEPATICA AND GOT WELL.

**SAYS HE NOW FEELS LIKE AN
ENTIRELY NEW PERSON.**

Mr. O. Harsin, hard-working harness maker of 2105 Maple Street, Louisville, Ky., says:

"I suffered from backache, general rundown condition, loss of appetite, indigestion, rheumatism, and loss of sleep, but after taking the Vin Hepatica prescription which was recommended to me, I now sleep well, am able to do my work as usual, and feel like a new person."

This famous Vin Hepatica prescription is composed of eight of the most powerful all-vegetable remedies known to medical science. It goes at once to the very seat of the trouble, cleanses the system of impurities, tones up the nerves and vital organs, and makes you feel like a new person.

We recommend it to anyone suffering from such troubles. It is truly a wonderful medicine. Come in and get a bottle and try it. It will do you good.

R. E. McROBERTS, LANCASTER.

STUDENTS' ARMY TRAINING CORPS.

The Students' Army Training Corps is the name given to the military organization to be perfected in the colleges this fall.

All able-bodied students in the college where a corps is organized may enroll or enlist. The enlisted student does not receive pay, because he is on inactive service. He is, however, in the military service of the United States. He may attend camp for six weeks during summer, when he receives pay.

His relation to the draft:
The member of the Students' Army Training Corps is a volunteer in military service. He will, however, register when he reaches the age and upon notice by the President. The draft board will not call him for induction as long as he remains a member of the Students' Army Training Corps.

Not an exemption plan:
This is not a plan for the exemption of college students. The purpose of the plan is to provide for the very important needs of the army for highly trained men as officers, engineers, chemists, doctors, administrators. The plan is an attempt to mobilize and develop the brain power of the young men of the country for those services which demand special training.

The presumption is that, for the next year, the largest proportion of the student body reaching the required age will be used to supply the officers need for the army. It is understood that at least four or five times as many officers will be required as the total number who will be graduated from all American Colleges and Universities. Enlistment in the S. A. T. C., therefore, while it does not promise an Officer's Commission, is at the present time the plainest road leading in that direction. Enlistment may be cancelled by withdrawal from college.

Opportunity will be given for the enlisted student who so elects, to transfer from army to navy or to be assigned to active service in one of the various special corps.

Regular uniforms, including hats, shoes and overcoats, will be furnished free to all members of the S. A. T. C., by the government. Officer in-

structors and military equipment will be provided by the War Department.

THE BATTLE OF BELLEAU WOOD.

(By Edgar A. Guest.)

It was thick with Prussian troopers, it was foul with German guns; Every tree that cast a shadow was a sheltering place for Huns.

Death was guarding every roadway, death was watching every field. And behind each rise of terrain was a rapid-fire concealed;

But the doughboys had their orders: "Drive the Hooche from where he's hid;"

For the honor of Old Glory, take those words!" and so they did.

I fancy none will tell it as the story should be told—

None will ever do full justice to those Yankee troopers bold.

How they crawled upon their stomachs thru the fields of golden wheat

With the bullets spitting at them in that awful battle hent,

Is a tale too big for writing; it's beyond the voice or pen,

But it glows among the splendor of the bravest deeds of men.

It's recorded as a battle, but I fancy it will live

As the brightest gem of courage human struggles have to give.

Inch by inch, they crawled to victory toward the flaming mouths of guns;

Inch by inch, they crawled to grapple with the barricaded Huns.

On thru fields that death was sweeping with a murderous fire they went

Till the Teuton line was vanquished and the German strength was spent.

Ebbcd and flowed the tides of battle as they've seldom done before: Slowly, surely, moved the Yankees against all the odds of war;

For the honor of the falling, for the glory of the dead,

The living line of courage kept the faith and moved ahead.

They'd been ordered not to falter, and when night came on they stood

With Old Glory proudly flying o'er the trees of Belleau Wood.

Treeless Australian Cities.

Australia, with its boundless scrub and bush has many towns without a tree to protect it from the glaring sun. This has been forcibly brought home to the Australian forces who have gazed in admiration at the endless avenues of England and France that are planted with trees, mainly oaks, elms and poplars. No village, however humble, seemed to be without these avenues, which appealed so much to the "Anzacs."

Ought to Save Money.

A Lowell man works at the Lawrence street plant of the United States Cartridge company and his wife works on Market street. He works nights and she works days. When he gets home in the morning she's gone and when she comes home at night he's gone. But they see each other on Saturday long enough to go to the bank together and tuck a nice little roll away after the bills are paid.—Boston Globe.

RED CROSS NOTES.

Workers Needed To Complete Girls Dresses.

The Garrard County Chapter shipped on August 31st: 105 sweaters, completing quota of 250; 130 pairs of socks and 30 girls dresses.

Many more socks could have been sent had they been knitted according to the standard and directions been followed. Hereafter no sock yarn will be given out unless directions are followed to the letter. Many, many pairs had to be unraveled and knitted over.

Only the Kitchener toe and heel are accepted at the warehouse.

Many failed to put names on socks, so those that were knitted wrong could not be given back to the original knitter, to correct their own work. This chapter will not send garments that are not according to the Red Cross standard.

The rest of the goods for the girls dresses has arrived and these dresses must be completed before the September quota arrives.

Let the slogan be, "everybody make a dress until 70 more are completed". This chapter needs many more workers. Don't let anything interfere with your duty in helping win the war by helping the Red Cross. You can't fight in the trenches, but you can sew and knit and do these things that are so necessary.

YOUTHS BETWEEN 18 AND 21 TO BE MOBILIZED OCT. 1. Students' Army Training Corps To Attend Three Hundred Colleges.

Members of the Students' Army Training Corps, consisting of youths between the ages of 18 and 21, will be mobilized October 1 at more than 300 colleges selected for that purpose by the War Department, according to details of the plan announced last Saturday.

The members of the Students' Training Corps will be "soldiers on active duty", a statement issued by the War Department says. Upon their induction into service their subsistence, quarters, clothing and tuition will be provided by the Government and the student-soldiers will receive the pay of privates in the army.

High school graduates will be eligible to the collegiate training division of the corps and grammar school graduates may enter the vocational section. As the students show ability they will be transferred to new division and those showing special qualifications will be sent to officers training schools. Others will be assigned to non-commissioned officers' schools.

The War Department, in its statement, advises youths now ready for college entrance or already enrolled in a college to adhere to their plans and obtain voluntary induction into the corps.

IMPORTANT NOTICE TO ALL MEN BETWEEN THE AGES OF 18 AND 45.

13,000,000 men have been called by the War Department to register under the new Selective Service Draft.

This registration will take place on September 12th, this date having been determined by the President of the United States.

If on this day you are one of the men between the ages of 18 and 45 (both inclusive) YOU MUST REGISTER.

This means that if your 18th birthday comes on or before this date, YOU MUST REGISTER.

It means that if you have not reached your 46th birthday on this date YOU MUST REGISTER.

The only exception is that if you are between the ages of 21 and 31 and you have already registered in the previous draft, or if you are now in the United States Army or Navy, you need not register.

Your country is engaged in a just and holy war. We are fighting to preserve our homes and our country from such atrocities as the enemy forces have committed in Belgium and in Northern France. The act of registering does not of itself mean that you will be called to the colors but it does mean that you have responded to the call of your country; that subject to the rules of the War Department which may place you in a deferred classification, you have placed yourself on the record as one of those who believe in our country; that you can say to your neighbors and your friends that you have complied with the laws of the land in every way, and that you are standing behind our brave boys who are already Over There.

Penalty for Failure to register is one year imprisonment and no man can exonerate himself by the payment of a fine. Ignorance of the law is no excuse—it is your duty to find out where to register and when to register.

E. H. CROWDER, Provost Marshal General.

JUST AMERICAN.

Just today we chanced to meet—
Drove upon the crowded street;
And I wondered whence he came,
What was once his nation's name.
So I asked him, "Tell me true,
Are you Pole or Russian Jew,
English, Scotch, Italian, Russian,
Belgian, Spanish, Swiss, Moravian,
Dutch or Greek or Scandinavian?"
Then he raised his hand on high,
As he gave me this reply:
"What I was is naught to me,
In this land of Liberty,
In my soul as man to man,
I am just American".

"His majesty, the kaiser, hears you have sacrificed nine sons in defense of the fatherland in the present war. His majesty is immensely gratified at the fact and, in recognition, is pleased to send you his photograph with frame and autograph signature."

That's the kind of a letter Frau Meter received from the kaiser after the loss of her ninth son, says the Cincinnati Post. That's the sort of message of comfort and condolence the Hohenzollern autocrat sent into the home of a mother who had given her all to her country.

He expressed his "gratification" at her sacrifice.

Let's look up the definition of the word "gratification". It means "pleasure" or "satisfaction". The word does not express sorrow nor does its use in any way show an effort to comfort the grieving mother. It merely expresses "satisfaction" because the mother lost nine sons in a war provoked to satisfy the greed of the kaiser. Perhaps the kaiser's "satisfaction" would have been greater if the mother had had more sons to lose.

How cold, heartless, comfortless, is this message of the kaiser. How the stricken mother must loath the sight of the photograph sent to her by the conscienceless war lord. How this sacrificing mother must hate autocracy and its cold narrow humanless view of life.

And how different is this message of comfort sent by President Abraham Lincoln to Mrs. Bixby, expressing his grief at her loss:

"Dear Madam—I have been shown in the files of the war department a statement of the adjutant general of Massachusetts that you are the mother of five sons who have died gloriously on the field of battle. I feel how weak and fruitless must be any words of mine which should attempt to beguile you from the grief of a loss so overwhelming.

"But I cannot refrain from tendering to you the consolation that may be found in the thanks of the republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement and leave you only the cherished memory of the loved and lost, and the solemn pride that must be yours to have laid so costly a sacrifice on the altar of freedom."

KHAKI COLUMN

The Central Record is in receipt of a letter from its young friend and patriot, Luther Brickley, son of Mr. and Mrs. V. F. Brickley, who live on Stanford, Route No. 4. He writes from Camp Meade, Md., and like all from whom we have heard is delighted with army life. He says he expects to sail for foreign lands soon and is just as anxious to get to the front as he would be to come back home. He says he gets the Central Record most every week and enjoys the letters he reads in it from the boys in the service. He is enthusiastic about the work being done by the Y. M. C. A., and urges his friends back home to help it every time they are called upon. He also wants to hear from his friends and his address is, 17th Infantry, Company B, Camp Meade, Md.

We have other interesting letters from the boys which we hope to publish in our next issue.

HERBERT SCHOOLER.

Last Sunday, Mr. and Mrs. J. S. Schooler, who live near Hiattsville, received word from the War Department, that their son, Herbert, had been wounded while in action on July 24th. The message was not a surprise to the grieving parents, for they had recently received a letter from Herbert, telling them of his slight wound. This letter was written August 4th, and in it he says: "I am feeling fine this morning although I was slightly wounded on July 24th. Think I will be out before many days. So don't worry about me for the wound don't amount to much. The Red Cross nurses are sure nice to me. They gave me a nice band bag, which came in good time." Herbert was one of the first that left this county and his friends are glad to know that his wound was so slight and hope to hear soon of his complete recovery.

J. T. TINSCHER.

The above is a good likeness of J. T. Tinscher, son of Mr. and Mrs. J. L. Tinscher, who live near Cartersville. This young man has been in France for several months, having enlisted in the Navy in Illinois about one year ago, and received his training at Great Lakes.

He says he has never been homesick, but is anxious to fight for his flag. He adds that if all the boys knew what he did they would not wait to be drafted, for he would rather die than live under a king. In a letter to his parents he sends his regards to his friends here at home and wants to hear from them often, for he has never yet received a letter from home. His address is U. S. Aviation Forces, C. M., 3 C., Pamillac Gerande, France, and his friends should write him.

Mrs. E. J. Young, of this city, has just received a letter from her son, Fred, who enlisted as a volunteer in Cincinnati about a year ago. He is twenty years old and writes an interesting letter from which we quote: "I am enjoying the best of health and getting plenty to eat. I have just gotten back from the front, for a few days rest, and I sure need it for I have lost so much sleep. Guess you have read about the big drive. We showed the Germans what the Americans could do. Believe me it was some drive. We made it hot for the Hun. The shells were bursting all around me, but I did not get a scratch. Have seen some things that I do not want to see again. We gained a lot of ground and have the Germans on the go. I had a good friend from Danville, who was killed in action. I hated to see him go. His name was Frank Jesse." Fred's address is, Company F, 4th Infantry, American Expeditionary Forces, France.

September Sale

OF

FINE FURS

AT A

SAVING OF 25 PER CENT

On a broader, better scale than ever attempted comes this September Sale of Furs, which begins to-day, and continues throughout this month.

It is an occasion that presents several thousand dollars worth of highgrade furs on a price-basis that affords to our patrons savings of fully 25 per cent. The reason for this price advantage is explained by the fact that our entire stock was purchased on a special fur-buying trip to New York away back last March—since which time there has been price advances more than equivalent to the saving mentioned above.

Furs will be extremely fashionable this Winter, and every advantage lies in making early selections, as the skins are the choicest, and prices later are sure to be very much higher. We seldom make an urgent recommendation, but, in this instance, purchases during this September Sale are advised.

PRETTY HOME WEDDING

A pretty home wedding took place at the home of Mr. and Mrs. N. Miller, yesterday, when their daughter, Miss Anna, was united in marriage to Mr. Charles L. Smith, of Charleston, West Va.

The impressive ceremony was performed in front of an improvised altar, banked with ferns and lighted with many candles. The ceremony was performed by Father Schulte in the presence of only the immediate families and a few intimate friends.

The bridesmaids were the two sisters of the bride, Misses Clara and Carrie Miller, both beautifully gowned in delicate lavender and pink children with picture hats trimmed in sweet peas and carrying pink roses. The bride was lovely in white chiffon and white tulle hat, and carried a shower bouquet of brides roses and valley lilies. She entered on the arm of her father and was met by Mr. Smith who had entered with his brother, Mr. J. P. Smith. They knelt upon white satin cushions while taking the marriage vows.

After the ceremony a most delightful wedding breakfast was served, the table decorations being in the same pastel shades as the wedding. After the breakfast the bridal party motored to Danville, where they took the train for Chicago. Upon their return from the honeymoon trip they will be at home to their friends in Charleston, West Virginia.

Among the out of town guests were Mrs. Mary L. Gleason, the attractive sister of the groom, Mr. and Mrs. Jesse Wearren and Mrs. Dillon of Stanford, Mr. J. P. Smith and Miss Clara Miller of Charleston.

NOTICE

A SPLENDID CONCERT.

The Concert given last Friday night at the High School Auditorium, by "Kentucky Trio" for the benefit of the American Red Cross, was the musical event of the year, and all of those fortunate enough to be present enjoyed the numbers of the program to the utmost. Misses Smith, Crosby and Bingham are high class artists and it is to be hoped that Miss Mary Snyder will bring them to Lancaster again. The total receipts amounted to \$63.51. However, this will be the last benefit given in Garrard County for the Red Cross this year unless a call is made by the National Headquarters of the Society for additional funds.

Gives Patriotic Advice To Teachers

To the Teachers and People of the United States:

There are before us as a people now just two tasks of supreme importance: To win the war for freedom and democracy, and to prepare ourselves and our children for life in the new world which the war is bringing in. Both these tasks must be performed with singleness of purpose and whole-hearted devotion to the public welfare; and no sacrifice, however great, must be allowed to stand in the way of either.

The first great task is to be accomplished by the hundreds of thousands of men in the army and navy, across the seas and on the seas, assisted by the millions of men and women who produce munitions of war, ships for transportation and food, and the scores of millions who give or loan money to pay the costs. The second of these great tasks is to be accomplished by the great army of hundreds of thousands of teachers in our schools, assisted by school officers, parents and people who pay taxes for the support of the schools.

The fight against militaristic autocracy and the fight against illiteracy, ignorance and incompetence are both for freedom and democracy, which are impossible in any high degree till both battles are won. As the soldier and the sailor are expected to do their full duty unflinchingly, whatever may be the cost, so the teacher and the school officer are expected to remain at their posts and do their duty fully and unhesitatingly in the face of all temptations, unless called definitely by their country for other service.

As the people are paying the cost of the war without question except as to how much is needed to assure victory, so should they pay the cost of the schools without question except as to how much is needed to assure the fullest measure of preparation for life, industry, efficiency and good citizenship in the new world of freedom and democracy for which we are fighting.

Let us all work, each in his own sphere and at his own task, with patriotic devotion and no thought of selfish or personal interest. Let us all, teachers, parents and taxpayers—work together to the end that no boy or girl may be without full opportunity for that kind and degree of education necessary for industrial and political efficiency and for intelligent joyous living.

Yours sincerely,

P. P. CLAXTON,
Commissioner of Education.

I WILL SELL FOR J. H. BAUGHMAN

510 ACRES of LAND

THE CREAM OF BOYLE COUNTY.

and J. H. BAUGHMAN will sell

750 Cattle and a Lot of Mares and Mules

LOCATION:—Known as the "HILL TOP FARM", two miles from city limits of Danville, Ky., on Hustonville Pike. Boyle county has the best pikes of any county in the State and this pike is the BEST one out of Danville: perfectly straight from city limits and no railroads to cross to this Beautiful Farm, only 10 minutes drive.

DESCRIPTION:—Broad, gently sloping fields, almost level, with here and there a black walnut, sugar tree or stately elm. The LAND of BIG FAT CATTLE and BROAD ACRES OF FERTILE SOIL. 390 acres of this land is in SOD and has been for years, the remainder recently broken from sod in cultivation as follows: 70 acres in corn, 10 acres in wheat stubble, 50 acres in buck-wheat, 10 acres in tobacco and hemp. This land has been grazed for years with BIG CATTLE and is NOW ready for the man who wants to make MONEY growing CORN, HEMP, TOBACCO, CATTLE and HOGS.

Once in a Lifetime is the Opportunity Offered to Purchase Such a Farm.

ADVANTAGES:—A BEAUTIFUL HOME, SPLENDID NEIGHBORHOOD, the adjoining land owners living on their farms. CLOSE TO CHURCHES, GRADED and HIGH SCHOOL, CENTRE COLLEGE and KENTUCKY COLLEGE FOR WOMEN, and the BEST TOBACCO, HEMP, GRAIN, HOG and CATTLE MARKET in Central Kentucky. DANVILLE and BOYLE COUNTY do not have to be advertised. Their reputation is established. Known everywhere as a moral and educational center with a population of railroad terminal and ONE MILLION DOLLARS has already been authorized to be spent at Danville in the improvement of railroad facilities.

"HILL TOP FARM" is within one mile of the L. and N. Railroad and adjoins the C. N. O. and T. P. Railroad, with side track on the farm. Electric line runs by the farm and only has to be tapped to equip the farm with light and power. "Hill Top Farm" is ABUNDANTLY WATERED with seven NEVER FAILING SPRINGS, four wells and one cistern.

IMPROVEMENTS:—Main dwelling eight large rooms, two porches, halls and bath-room with butler's pantry. Heated by furnace, two room servant house and garage, beautiful yard with large shade trees, large two story stock barn, basement will hold 125 cattle, second story nine large box stalls and the main portion prepared for hay fork and will hold 7,000 bales of hay. Fertile garden and plenty of fruit. The second set of improvements consists of a splendid six room two-story dwelling, three porches, two stock barns, other out buildings, cistern, good garden, large yard and mulberry, sugar tree and wild cherry shade trees. This set of improvements is within ONE-HALF MILE OF SPLENDID GRADED SCHOOL. Two other sets of improvements on farm.

SUB-DIVISION:—200 acres with main dwelling, a 60 acre tract and 80 acre tract with improvements, a 40 acre tract with improvements, to which may be added a 20 acre tract and a 14 acre tract, also a 45 acre tract with improvements and other tracts. We always SELL to suit the BIDDERS, so two or more tracts may be combined to suit the purchaser in the number of acres.

WAR BOARD

Exacting Pledge From Publishers Before Obtaining Paper.

The War Industry Board is calling on all publishers to co-operate in saving paper. In addition to the general rules they are sending out, and a pledge to economize in every way, the following notice is distributed:

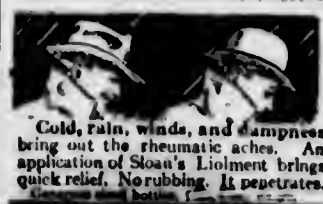

Paper is Essential: It has been placed on the priority list only on the express condition that all wastes be eliminated and every economy be practiced. In doing this the government will use its best efforts to provide sufficient paper for strictly needful purposes but nothing more. Every distributor, converter or user of paper is hereby notified that the continuance of his supply is dependent entirely upon the strict observance of the rulings of the War Industries Board, one of which is that paper must not be wasted. Failure

to comply with this requirement will lead to the withdrawal of any or all priority privileges, without which the supply cannot be maintained.

BAD NEWS FOR BERLIN.

The war news from the eastern front these days is bad news for the German people. Quotations from German newspapers portray the gloom that overhangs the people in the large cities. That the people in the small towns and country are equally depressed is not to be doubted.

The Liberty Loan bond buyers of the preceding loans have their share in the success of the entente allies. They furnished the sinews of war not only to fight the U-boats and to build ships, not only to raise, equip, and send our soldiers over, not only to supply them and our allies with food and munitions, but more than \$6,000,000,000 of their money has been loaned to our allies so that they may prosecute the war with vigor and strength.

We here at home have an opportunity to send the Germans some more bad news. The Germans have great respect for money; they know its vital value in waging war. They know, too, that the support the American people given a Government loan measures, largely the support they give their Government, the moral as well as the financial support they give their armies in the field.

A tremendous subscription to the Fourth Liberty Loan will be as disastrous to the German people as a defeat for them on the battle field, and it will mean as much. It spells their defeat; it breaks their morale; it means power to their enemies. A subscription to the loan is a contribution to German defeat and American victory.

Whetstone in Tree Trunk.
While sawing down a large poplar tree on the Welmar farm two sons of Joseph Welmar found their saw would not penetrate. They began a little higher, and after the tree was down they discovered a whetstone in the heart of the trunk. It is supposed that many years ago, when the tree was a sapling, lumbermen working in the fields laid the stone there and forgot to take it away, and the tree grew around it.—Marietta (Pa.) Work Savers.
Use plenty of newspapers about the kitchen, spreading them on the floor when anything is likely to spatter. It is easier to gather them up than to clean up. If there is a kitchen range in use in the summer time it is well to burn these papers every few days to prevent dampness and rust. If the kitchen has but a gas range, then a good-sized waste basket should be kept and the papers disposed of in whatever way is best.

FARM STOCK

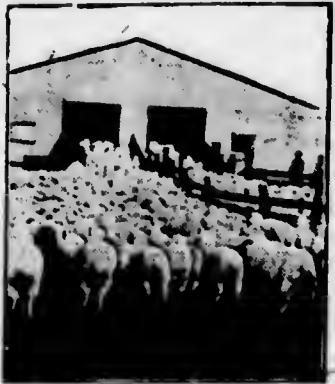

INCREASE OF MUTTON SHEEP

Take Lead Held by Fine Wool Animals Ten Years Ago—Ohio Is Now Leading State.

(Prepared by the United States Department of Agriculture.)

Sheep raising primarily for mutton production and secondarily for wool is steadily advancing in this country. At the present time 45 per cent of the sheep belong to those of the mutton blood, 35 per cent to those of fine wool, and 20 per cent to the crossbreeds. Ten years ago the mutton sheep were 35 per cent of all sheep, fine-wool sheep 41 per cent, and crossbreeds 24 per cent, and consequently, during this period one-tenth of the national flock has changed from wool to mutton as the chief purpose. While mutton sheep have thus increased their percentage of all sheep by 10 during the ten years, fine-wool sheep have lost 16 from this percentage and the crossbreeds 3 1/2.

This revolution of recent years in the sheep industry, which is now presumably continuing, is largely characterized in the national average by the Western and Pacific states, in which

Sheep Entering Sweating Pens of Bitter Creek Shearing Shed, Bitter Creek, Mont.

more than one-half of the sheep are found mostly on ranges. The fine-wool sheep are 45 per cent of all sheep in that group of states, a loss of 7 in the percentage in ten years; the crossbred sheep are 22 per cent, a loss of 2 1/2; and these losses have gone to the mutton sheep, which are 52 per cent of all sheep, a gain of nearly ten in the same number of years.

The greatest advance in this movement has been made in the North Atlantic states, in which farmers' markets are near and the people have an active taste for mutton and lamb. In these states 62 per cent of the sheep are of the mutton bloods, a gain of 20 in the percentage in ten years; only 17 per cent are fine-wool sheep, a loss of 17; and 21 per cent are crossbreeds, a loss of 3.

The least change in percentages has occurred in the South Atlantic states, where the mutton sheep were formerly a high fraction and are now 68 per cent of all sheep in that region, a gain of 2 1/2 in ten years; the crossbreeds are 24 per cent, or about the same as ten years ago, while in all other groups of states they have relatively diminished; and the fine-wool sheep are only 7 per cent, a loss of nearly 3 during the period.

At the present time the South Atlantic states have the lowest fraction of fine-wool sheep, 7 per cent, and the North Atlantic states are next with 17 per cent; the highest fraction, 46 per cent, is in the Western and Pacific group, and next below are the South Central states with 30 per cent.

Mutton sheep are as high as 68 per cent of the sheep in the South Atlantic and West North Central states, and as low as 32 per cent in the Western and Pacific states, and 44 per cent in the South Central.

Ohio is by far the leading sheep state outside of the Western and Pacific group, and has 3,000,000 sheep, about one-half of which are now mutton bloods, while ten years ago the fraction was nearly two-fifths.

CURE SCRATCHES IN HORSES

Trouble Is Caused by Mud, Wet or Filth—Clean Affected Part and Apply Poultice.

Scratches in horses are caused by mud, wet or filth. Clean the affected part, clip the hair close to the skin and put on a bread and milk poultice for 12 hours. A second poultice applied for another 12 hours will do no harm. Then wash the skin, wipe it dry and remove all scabs. Paint the cracks with tincture of iodine for three days, then discontinue and use the vaseline. Do not wet the parts if avoidable. Keep the stable clean and dry and apply vaseline to the scratches twice a day when the animal is worked.

Top Price for Lambs.

Dora Cochran, Admx.

Optimistic Thought.
It is more laborious to conquer one's self than an enemy.

Scratch Obliterated.
A scratch on polished furniture may be almost obliterated by rubbing vigorously with tinned oil.

Cheerful Observer.
When the man above endeavors to discredit you, be of good cheer, for it is probable that you are getting near enough to crowd him.—Dayton News.

Thrived Without Wheat.
American Indians thrived and grew tall and muscular without wheat; but we can't tell whether that is what made them red.—St. Louis Globe-Democrat.

Facts About the Bloodhound.
Bloodhounds were first known as sleuthhounds owing to their ability to track the deer, wild boar or the wolf. When the wounded game broke away and was lost, these good-nosed dogs were used in trailing the quarry by the blood trail, and hence the name.

Daily Thought.
Strong reasons make stronger actions.—Shakespeare.

What Is Your Pleasure?
When people can do as they please, what a revelation they sometimes give of their ideas of pleasure!

Prevents Windows Sticking.
To make a sliding screen or a window sash move easily, rub a paraffin candle along the edge which is likely to bind. This is an effective lubricant that lasts a long time and is easily replenished. Dry soap may be used in this way.

How the Herring Built the Navy.
We derive the idea of our defensive British navy from King Alfred, the real founder of our fleet, who believed in having bigger, faster, better and more ships than your enemy, which is always a sane policy to follow. But Oliver Cromwell really gave us our herring navy when he saw the necessity of taking their sea-trade dominance from the Dutch, which trade was mostly concerned with the herring fishery.—Tit-Bits.

Old Tin Cans.
Old tin cans, free from rust and dirt, are worth \$12 a ton. There are about 8,000 cans in a ton.

More Worthy of Respect.
"I've got no respect for a man that goes fishin' on Sunday," said Uncle Eben, "dan I has got de one dat hangs around de house wif a grounch an' expects de whole family to wait on him."

Friendship.
Friendship is the transfiguration of service; the creation of a new motive; redeeming life from its drudgery, and sending the pulse-beat of joy into the most trivial task.—Donald Sage Mackay.

Ancestral Brains.
Some folks live on the glory of their ancestors. They tell of the great things they did and the greater things they think they did. Then when they get the ear of some one especially sympathetic and credulous, there is an eruption of boast of greatness that might have been. These poor creatures live in the past. It's no wonder they do in the present.

Sponges Growth in Mediterranean.
The best sponges come from the Levant, in the eastern Mediterranean, and are obtained by diving. The Levantine sponge divers often cut pieces from large sponges, replant the pieces, and tie them to stakes to keep them from being swept away by the current. They soon grow at an enormous rate.

Foresight.
An inattentive and not very judicious person had been listening to a lengthy argument on whether Ireland should or should not have home rule. Finally he could contain himself no longer and burst out: "I wish they'd give 'em home rule and then give me the motion picture rights."—Outlook.

Secrets of the Salmon.
A single scale from a salmon will tell you its owner's age, and whether his pickings have been slim or the opposite. When viewed through a microscope, the scale will reveal tiny lines, which have developed at the rate of 16 a year. Lines crowded close prove that the salmon has been living high. Lines widely spread indicate a scant diet.

Have Varying Terms.
Judges of the state supreme courts are chosen for a fixed term of years, varying from two in Vermont to 21 in Pennsylvania. Eighteen states have a term of six years, seven states of eight years, five states of 12 years, one of fourteen years and one of fifteen. Indiana has six years. In all the states they are eligible for re-election.

Crimean War.
The Crimean war occurred in 1853-55, between Russia on one side and the allied forces of Turkey, France and Great Britain on the other. It grew out of dominating and aggressive claims by Russia. The war took its name from that it was mainly waged in a Russian peninsula on the border of the Black sea, a strip of country called Krim or Crim by the Russians and Anglicized as Crimea, pronounced Crime-as, with the I short as in criminal and accent on the second syllable.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

LONE YANKEE

Downs Five Huns In Air Fight.

A series of thrilling experiences has brought to the fore the name of an American officer, who is simultaneously recommended for the Victoria Cross and the Congressional Medal of Honor. In a battle with twelve German planes, Lieut. Chamberlain destroyed five. With a damaged motor, he volplaned to the earth, scattering in his descent a detachment of German soldiers. Then, forced to land, he encountered a patrol of three Huns, capturing one of them. The American tried to hush the story of the exploit.

BOYS AND GIRLS PIG SHOW

Draws Good Crowd To Town Saturday.

Those who failed to see the boys and girls pig show last Saturday missed the treat of the season. A good crowd was on hand however and the awarding of the prizes seemed to have met the approval of the public, although some of the classes were so close that for a time it seemed hard to pick the winner.

Only two girls participated in the show and they came out with many blues to their credit. These little "farmerettes" Minnie and Burdette, are daughters of Mr. and Mrs. Burdette Ramsey of Paint Lick and the splendid show that they made with their pigs brought much favorable comment from the crowd. They are aged 12 and 14 years and put on their pigs in pounds, in 102 days, about 210 on each pig at a cost of about eight cents a pound. The sweepstake prize, which was a free trip to the State Fair for the entire week, with her pig, was won by Miss Burdette Ramsey. This prize is donated by the county. The show was in charge of Mr. Mack Morgan and many compliments have been passed upon the work which he did so thoroughly and well. Mr. Morgan was employed by the county, in lieu of the regular county agent. Mr. W. H. Rogers having resigned several weeks ago.

This pig show was the result of the work of Mr. Rogers and proves clearly the splendid interest that has been taken throughout the county and the one next year should eclipse all previous ones.

The pigs shown by these two young ladies were just six months old and weighed 285 and 271 pounds respectively.

The boys deserve much credit for their work and make splendid gains and very economical costs.

We give below the classes shown and the premiums awarded and to whom.

ABOUT WHEAT SOWING.

Wheat grows best in a firm seed bed. Under no circumstances should the land be plowed when wheat follows corn, tobacco, cow peas, soy beans or any cultivated crop. The best preparation is a light disking to cover trash and loosen up enough soil to cover the seed. After disking, a plank drag should be used to level the land. If it is necessary to disk deeply to cover trash, as is sometimes true of corn land, a roller should be used to compact the seed bed.

When land is plowed the plowing should be done as early as the removal of the preceding crop permits, in order that the seed bed may be gotten firm. The later the plowing is done, the greater the necessity for thorough working, especially rolling. Without any exception it pays to prepare a seed bed some time before sowing the seed if it can possibly be done.

TIME OF PLANTING:—Experiments have shown that October 1 to 10 is the safest time to plant wheat in Kentucky, everything considered. In southern parts of the State it is safer to wait until October 10 to 20, when there seems much danger of Hessian fly attacks. Late seeding is the only possible way of controlling this pest.

SEEDING WHEAT: It pays to sow five to six pecks of seed per acre in Kentucky. The Station has proved this by repeated experiments. Except under the most favorable conditions, as when wheat is sown rather early on rich tobacco land, or on fallow land, six pecks per acre pays better than five. Beware of seedmen who advertise varieties of wheat which require a seeding of only a peck or two per acre. There is absolutely no variety of wheat that gives as profitable yields as this rate as at 5 to 6 pecks per acre.

Probably the most satisfactory drill is the single disk type that puts the drill rows 7 or 8 inches apart. Experiments have shown no advantage in having the rows closer than this. The much advertised 4 inch drills give no better yields than the ordinary type, if indeed as good. Wheat should never be sown deeper than necessary to get the seed in moist soil and perfectly covered. Many poor stands of wheat are due to covering unnecessarily deep. Wheat should be drilled carefully so that there will be no skips and wide spaces between the drill rounds. Poor drilling frequently contributes considerably to low yield.

special service in honor of the boys
of this denomination who have en-
listed in the service for the fight for
democracy.

At this service a roll call will be
had of all the boys in the service and
at the call of each name some mem-
ber of the family or friend of the
hero will give the audience the latest
news from this young patriot now on
the service.

The meeting promises to be un-
usually interesting and a good audi-
ence is expected. The pastor, Rev.
J. E. Moorman, has prepared a sub-
ject fitting the occasion, which will
be: "Till the boys come home".

An invitation is extended to all to
attend this delightful service.

PAINT LICK PIG CLUB

The Boys Pig Show which was
held in Paint Lick August 30, drew
quite a crowd. There were 8 entries
and each deserves special mention,
and the young farmers are to be con-
gratulated for their perseverance
and industry in bringing the swine
to such a high standard of perfection.
James and Gordon Mason, sons of
Mrs. Gilbert Mason, led the boys by
taking three blues and a yellow with
their pair of Red Berkshires. The
pigs were just past five months old,
and one weighed 190 pounds and the
other 162 pounds. The total cost of
feeding them was \$14.05, which in-
cludes kitchen slops at 5 cents per
gallon.

The premiums awarded were as
follows:
Ky Red Berkshire Premium for
most gain at least cost, 1st. \$20.
James and Gordon Mason.
Rodney Halston, 2nd. \$12.50
Earl McWhorter, 3rd. 8.00
James and Gordon Mason, 4th, 1.00
Treadway and Logsdon, premium for
best brood sow \$2.50
James and Gordon Mason,
R. H. Ledford, premium for highest
net gain, \$2.50
James and Gordon Mason.

Hervey and Woods, premium for the
best record book, \$2.50
James and Gordon Mason.
James and Gordon Mason took
their pigs to Lancaster, and showed
against pigs of other breeds and got
the blues for best Butcher Sows.

Time for Kindness.

There is no day so short nor so full
that it does not give a chance to do
a kindness.

Why the "Von."

"Von" before a name in German de-
notes a privilege title, either inherited
or bestowed by a monarch upon his
subject for meritorious services. While
formerly this prefix was found in mil-
itary or feudal families only, many
commoners, captains of industry, sci-
entists, financiers and artists were so
honored by their monarchs. The title
is either hereditary or reverts with the
death of the distinguished person.

Matta for Dead Authors.

We are told that once, when Im-
mense Worth was spelling out the end-
less pages of the "Story Tale," she
came to a sudden stop, then wrote,
"This be uff," and knocked off for the
night. A blessed phrase, and, of a
certainty, her finest inspiration. Would
that all dead authors would adopt it as
their motto; and with oil on boards,
and table legs, and automatic pencils,
write those three short, comely words,
"This be uff."—Agnes Heppler, in
Atlantic.
